Home Inspection Report Summary

IMPORTANT: This report summary is a partial listing or preview of the complete home inspection report. It is *imperative* that you read the complete home inspection report. This report summary should never be used as a substitute for the full home inspection report. Many items that are not included in the report summary that appear in the full report are also extremely important and must be reviewed and fully understood before any determination of the property condition is established. Please contact your home inspector for clarification and questions.

Conditions noted below require necessary repair / further evaluation by a qualified professional

Plumbing - Main Shut-Off Valve

DAMAGE / CORROSION ON MAIN SHUT OFF VALVE

The inspector has indicated that the main shut-off valve should be replaced. The valve may be broken / damaged / corroded. A licensed plumber should perform this repair.
